I hereby acknowledge by checking this box that the individuals listed above have confirmed their willingness to participate in the proposed on-campus SRC activities, <b>and that they have provided Proof of COVID-19 Vaccination through the Ryerson Safe App or an appropriate exemption through Ryerson University.</b>		<input type="checkbox"/>

**FOR REB APPROVED SAFE HUMAN-PARTICIPANT SRC PLANS ONLY**

If your approved SRC Activity involves human-participants as research subjects (i.e. you have previous REB approved Safe Human-Participant SRC Plan Form), please also complete the following section.

**Vaccination Status of Study Participants**

All study participants should be fully vaccinated or have received an approved exemption from the university in accordance with [Ryerson University's current COVID-19 vaccination protocols](#).

How do you plan to screen participants for their Vaccination Status/Proof of Vaccination? Are there any circumstances in which asking participants to be vaccinated may jeopardize your research? If so, please provide a rationale as to why screening participants for their vaccination status would not be feasible. Further, please identify what mitigation strategies would be put in to place to ensure the safety of all individuals involved in the research activities.
